

About the Gardens

Located on the site of four former Clear Lake schools (1888 – 1988), Central Gardens was established in 2000 with a mission to provide a public, intergenerational garden environment that is welcoming, beautiful, calm, educational, recreational, and fun. We are committed to (1) promoting horticultural and environmental stewardship, (2) building the infrastructure through creating a modern garden while honoring our heritage and original design principles, (3) enhancing learning opportunities for members and guests, (4) being inviting to all, (5) being responsible stewards of our resources, and (6) achieving excellence in all that we do.
